The Mixed Dahlia Seed I sell is harvested from the above named Dahlias and is composed of about 25 per cent of Decoratives, about 25 per cent Hybrid Decoratives, about 40 per cent Hybrid Cactus, about 5 per cent English Cactus and about 5 per cent Peony. It is well balanced as to color. I save but one quality of seed and that the best. My crop is short this season. I am always sold out of seed long before the season closes. Price of 50 seeds, \$3.00; 100 seeds, \$5.00, net to all.
